BOXSHOP

Rif. P3527250

The new isothermal container that will allow you to transport your goodies at the right temperature. Essential for Cash & Carry, Catering and to organize your fabulous picnic outdoor.

Easy to carry thanks to its comfortable and colored handle and stackable. Light, strong and environmentally friendly..

Always carry it in your car, it will be useful to keep the correct temperature of the products purchased at the supermarket, ice cream shop or in gastronomy.

Certifications.

The Polibox® products present the following certifications obtained at the Experimental Station of Industry for canned food in Parma (SSICA):

- Migration test with short contact
- Migration test with prolonged contact
- Cold-hot decay
- Decay under freezing
